Smart Suits and Coats

Distinguished Models, Embracing Fashion's Newest
Developments—Exceptional Values

This assemblage of exclusively designed garments represents a limited quantity of chic models brought forward by New York's foremost manufacturers. Their exquisite lines are appealing and correctly fashioned. To further enhance the attractiveness of this collection we have reduced the prices on many of our higher priced garments, which emphasizes the benefits fashionably dressed women secure from Levy's.

Wonderful New Suits

The expertness of the tailoring detail, combined with the finest linings, readily establish these garments as the epitome of fashion. Chic models developed in Silverstone, Duvet de Laine, beautiful Tricotines, Velours, some plain tailored models, others fur-trimmed, braided or embroidered. Moderately priced—

\$50, \$65, \$75

Handsome Winter Coats

The collection embraces models developed by careful workmanship, such as distinguishing the products of the highest-grade custom tailors. Beautiful full-lined coats—the exclusive details characterize these models as fashion's supreme achievement. Every new material represented in the most desirable shades. Charming trim in real fur; others plain tailored. Moderately priced—

\$50, \$65, \$75, \$100

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, discontented, worried, some days headache, dull and unstrung, some days really incapacitated by illness?

If we would practice inside-bathing, which a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with puffy, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisonous poisons which are absorbed into the blood.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

At almost any drug store in the United States, in spite of war conditions.

MANY WITNESSES ARE SUBPOENAED IN PROBE

TUSCUMBIA, Ala., Nov. 22 (Sp.)—With almost a hundred witnesses subpoenaed and still to be examined, it appears that the special grand jury convened here last Thursday to investigate the murder of Policeman John G. Gaham and the two lynchings which followed it will not close its sittings before the end of the week.

No indication of the probable contents of the grand jury report can be returned in connection with the two lynchings. It is known that a most searching examination into both affairs is being instituted.

RETURNS FROM FRANCE.

BRISTOL, Tenn., Nov. 22 (Sp.)—Lieut. Sam L. King, Jr., son of Col. S. L. King, wealthy Bristolian, has returned home after being in the western front for more than a year. For the last four weeks he has been confined in a base hospital at Camp May, N. J., recovering from wounds sustained in the second battle of the Marne.

He is the first Bristol officer to reach here since the conclusion of the war.

VIN HEPATICA DOES WONDERS FOR MRS. PURCELL.

Had Stomach Trouble That Baffled Doctor's Skill.

Mrs. J. P. Purcell, milliner, 760 Adams St., Memphis, Tenn., says Vin Hepatica is a wonderful remedy for stomach trouble.

"I had been in such a condition for nine years," writes Mrs. Purcell, "that I was not able to retain anything on my stomach. Gas would form and was so unbearable that I had to wash out my stomach every night. I had not for years been able to eat vegetables. But after taking Vin Hepatica I eat heartily, eat lettuce, turnips, greens, pork, etc., which I had not been able to do in years, and without any bad effects at all. I sleep well; my nerves are greatly relieved; headaches gone, and I feel splendid. I certainly recommend Vin Hepatica, for it is truly wonderful. I spent thousands of dollars for doctor's medicines, without results, but Vin Hepatica did the work."

This great nature prescription can be had at Weiss' Pharmacy, Main and Union, this city.

FARM LAND SHOWING INCREASE IN PRICE

MARTIN, Tenn., Nov. 22 (Sp.)—There has been more buying and selling of real estate in this vicinity in the past month than has ever been known heretofore. Land six to eight miles from town is bringing as high as \$100 per acre, often without improvements.

The fact that farmers in this vicinity have in the past few years taken up truck farming is responsible for the increase in price. The land is now being used for growing vegetables and fruit, and the price has risen accordingly.

One man sold a piece of sweet potatoes for \$400, while another sold two acres of sweet potatoes before the potatoes were harvested for \$300. The buyers have to finish calculation and pay for the crop before the harvest.

Several thousand bushels of this crop are stored in warehouses in the vicinity. Every farmer has his own potato house.

OVERLOOKS HIS CHANCE: NOW UNDER SENTENCE

A. L. York had a chance and failed to profit by it. Recently York, a cripple, was tried in the second criminal court for bootlegging.

York was given the liberty on his own recognizance, but he failed to keep away from the Union depot, where he was alleged to have been peddling liquor.

Thursday Judge Harsh and Harry Cole, deputy criminal court clerk, were at the depot and saw York and pointed him out to the judge.

Friday the judge issued a capias for the man's arrest. The letter was read into court, fined \$50 and sentenced to serve 30 days in the workhouse on the charge, that of violating the liquor law.

MRS. MARGARET BROWN BURIED IN CALVARY

Last night in memory of Mrs. Margaret Brown, 50, wife of the late George Brown, local business man, who was fatally hurt Wednesday night, was solemnized at Sacred Heart church Friday morning at 7:30. Father Mahoney officiating. Interment followed at 10 o'clock in Calvary cemetery.

Mrs. Brown had been a resident of Memphis for 30 years, during which time she became widely known in fraternal circles. Until two years ago she held the position of financial secretary of the Knights and Ladies of Honor for 18 years. She was a native of St. Louis.

She is survived by a son, George J. Brown, and a daughter, Mrs. Charles F. Brown, 955 Kupper, with whom she lived.

SEEK ASSAILANTS.

BRISTOL, Tenn., Nov. 22 (Sp.)—A reward of \$100 has been offered for the capture of the two men who assaulted and robbed Sheriff J. B. Anderson, of Sullivan county, late Monday night. Mr. Anderson was shot three times by the men and is now in a local hospital in a serious condition.

Several thousand bushels of this crop are stored in warehouses in the vicinity. Every farmer has his own potato house.

Friday the judge issued a capias for the man's arrest. The letter was read into court, fined \$50 and sentenced to serve 30 days in the workhouse on the charge, that of violating the liquor law.

Several thousand bushels of this crop are stored in warehouses in the vicinity. Every farmer has his own potato house.

Try Pineapple Jiffy-Jell

Pineapple is a flavor which must be sealed to keep. We seal it in a Jiffy-Jell.

We use half a ripe pineapple to make the flavor for one Jiffy-Jell dessert. So you get a wealth of this delightful taste.

Jiffy-Jell comes ready sweetened. The bottle of flavor comes in the package. And it is a real treat. One package makes instant dessert for six.

There are 10 flavors, but try Pineapple and Loganberry today. Order them now.

UP BOARD OF VOCATIONAL HIGH

Has Great Opportunity, But Money Must Be Provided by Board of Education for Building and Equipment.

It's now up to the board of education to determine whether the Vocational high school of Memphis will receive the maximum amount of the Smith-Hughes appropriation for vocational training and become one of the finest schools in the South, or continue to draw on a small sliver of the fund because of lack of necessary buildings and equipment to make in conformity to all requirements of the Smith-Hughes bill.

Plans for two new buildings to be erected on the campus of the school with complete and modern equipment for training in all electrical and mechanical trades, were submitted to the school board and Prof. E. S. Maclin, of the United States bureau of education, by Prof. J. L. Highsway, superintendent of the Vocational high school, Friday.

If the board of education will agree to provide necessary funds for the buildings and equipment at once, the school will, upon the recommendation of Prof. Maclin, receive probably \$5,000 from the federal government this year and a large amount each year until the maximum of \$8,000 is reached.

"Vocational training is literally sweeping the entire country with a force that means complete reorganization of many of our schools and colleges," Prof. Maclin said.

"The old classic mode of education will soon be a thing of the past, for now, in this age of reconstruction, every man and woman must be trained by all trained by all practical study for the line of work in which they are employed in order that the world may advance."

"The educator who does not realize this and see to it that vocational training in the broadest possible scope is instituted in his schools is a back number."

Several hundred students applied for admission at the Vocational high school in the fall who could not be admitted because of crowded conditions, according to Prof. J. L. Highsway. The night classes and those of the afternoon are always crowded with working people who take advantage of the opportunities the school affords for advancement by training them for the work in which they are employed or in which they desire to engage later.

Local businessmen note that a girl or boy who attends Vocational school at night rapidly increases in actual worth through the higher course rendered.

A class in merchant craft and the art of dressmaking is now being planned by Prof. Highsway. A feature of this class will be a model store where the students will sell the goods they make and learn the tactics of good salesmanship from actual experience.

Vocational high already has a splendid home economics department and classes for mothers and housekeepers in cooking and sewing, but Prof. Highsway is planning to greatly enlarge it, adding special features for training restaurant and hotel cooks.

The chief aim of the Vocational high school is to arrange its hours and classes so that working people, and those desiring to specialize in one profession, may do so.

"Prof. Highsway is a man of unusual executive ability, and under his leadership, I see no reason why the Vocational school of Memphis should not become the leading one of its kind in the South, provided that certain arguments are made by the local board of education," said Prof. Maclin.

LOGGERS GATHER AT LEXINGTON NOV. 26

KNOXVILLE, Tenn., Nov. 22 (Sp.)—Men controlling the largest lumbering companies in the Appalachian region will gather at Lexington Nov. 26-27, when the annual meeting of the Appalachian congress will be held at that point, according to announcement of John R. Williams, secretary-treasurer, Knoxville.

The ending of the war has brought lumbermen face to face with revolutionary conditions, says Mr. Williams, as this is one of the first lumber meetings since the armistice was signed, it promises to be largely attended.

Among features of the program will be an address on "The Logger," by John C. Shen, of Crosson, Ky., president of the congress; a paper on "The Advantages of Contracting Your Logging," by C. L. Babcock, of Maryville, Tenn.; and a paper on "Disadvantages of Contracting Your Logging," by Henry F. Holt, Knoxville.

Stanley I. Krebs, president of the American Lumbermen's Association, will speak on "Plans for the Future." A theater party, banquet and tour of Lexington are among entertainment features.

There is a measure of respect that is withheld from the negro race, that fall to show a capacity for getting and keeping themselves together, and putting their feet behind their backs. The negro race has been the victim of the stage of civilization reached by a race is to be judged by its capacity for co-operation. The worth and achievements of individuals of a race, however noteworthy or even remarkable, can not bring the form of respect that only goes to those races that have developed collective efficiency.

"Respect for a race is the greatest protection that it can have, greater than any other. It is the basis of all progress. Every individual of a race should therefore support all endeavors aimed at bringing about racial efficiency."
